## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 20 July 2006 has been entered.

### ***Allowable Subject Matter***

2. Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a light emitting device comprised of, in part, a semiconductor light emitting component and wherein a straight line connecting a point of chromaticity corresponding to a peak of a spectrum generated by the light emitting component and a point of chromaticity corresponding to a peak of a spectrum generated by the phosphor is along with a black body radiation locus in a chromaticity diagram.

Due to their dependency, claims 2-11 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
